### ARRESTS FOR ILLEGAL VOTING.

The Political Strife Going on Just Over the Border in the New State—  
News Notes.

PARIS, Idaho, Sept. 4, 1890.—[Correspondence of THE HERALD.]—Bear Lake county at present is in a fever of excitement, and with the presence of the United States officials with headquarters at Montpelier, it appears that the capital of the new state will soon be removed from Boise City to Montpelier. Ovid or Burne. The United States timber agent, A. H. Tyner, has visited all the lumber camps in the county the last week, accompanied by one or two deputy United States marshals and has closed up the mills and attached all lumber and branded it with Uncle Sam's brand. Reports are that he has even branded the sawdust with Uncle Sam's brand. The owners of the mills are all on edge. W. H. Packer was arrested by the United States marshal on the 3d for cutting timber on Uncle Sam's domain, and he gave bonds in \$1,000 to appear before the United States commissioner to-day for examination. It is so secret that the timber agent has exceeded his authority in these cases, from the fact that the mills were stopped on the roads from the mills loaded with lumber bound for Montpelier and other places and Uncle Sam's brand was put on it, and teams had to go to destination empty handed. It has stopped several buildings, as they could not proceed further and business is now at a standstill. How far this matter will be carried on in this line it will be hard to tell. Fremont Woods, United States attorney, is prosecuting these cases before the commissioner. Joe Wilson, U. S. marshal, is also at Montpelier and has five or six deputies with him. Several arrests have been made this week for illegal voting, and the good work will go on, and it is hard to tell where it will end. Mosiah B. Loomis and Moroni Alford, of St. Charles, were arrested on Monday by Deputy United States Marshal Phelps and Spotter Oley Hanson. Booths entered a plea of guilty on Monday before United States commissioner. Alford entered a plea of not guilty, and after examination of two days he was released yesterday. He was represented by Counsel R. S. Spence and S. J. Rich, United States Attorney Woods prosecuting. The political pot is boiling and running over. Different parties are springing up in this county daily, and if this state of affairs continue every voter in the county will be a candidate for some office or other. A Liberal convention will meet at Montpelier on Monday next to place a county ticket in the field, this party is the Republican party but took that name to catch the weak Democrats in the county. Of course the head of the ticket will be the state Republican ticket. Yesterday the county was filled with posters calling for a straight Republican convention to be held at the court house at Paris, and giving every precinct delegates, to convene on the 10th of this month to place a county ticket in the field and inviting all true Republicans who can endorse the national Republican platform and the platform of the Republican party of the state of Idaho, which was adopted at Boise City last month. This last call calls the Liberal party apostates from the Republican ranks and it is a corker and has created a commotion in politics that has not been introduced in this county before, and the supposed leaders of this Liberal party who are also or claim to be leaders of the Republican party of this county are dumbfounded. The loyal Democrats who were seated at the last state convention are not making any great move for the success of their party. There is no question but they will support the Liberal ticket, for both county and Republican state officers. The Democrats who were fired out of the last state convention at Boise are as satisfied as though they got their seats. They only wanted to see the success of the party, and the delegation were all men who any county would be pleased to have as representative men. But it appeared that the convention did not want them there for fear they were tainted with this great Mormon question. From the best of information I find that none of them are members of the Mormon church, although two of the delegation have been Mormons and the other three never were Mormons, and every one of them are legal voters under the laws of Idaho, and they represent about two hundred votes or more. Their friends feel sure and are now talking strongly of voting a straight Republican state ticket for state officers, and a taxpayers' ticket for county officers, to show the Democratic party that in the future they just allow themselves to ignore the authorized delegation of this county. The straight-edged Democrats will convene and call a convention soon, and with the Liberal ticket, the straight Republican, the Taxpayers and the Democrats all supporting the straight Republican state ticket the Republicans will have a clean sweep in this county. The straight-edged Democrats will all do more or less scratching on the state ticket on election day. From what I can learn the Democratic party of this county is dead, and it will be years before it can put itself on record again. A prominent Democrat was heard to say a day or two ago (who, by the way, is no Mormon,) that the first qualification to be a Democrat in this state was to vote for Dubois two terms and eat up a dozen Mormons and he would be a loyal Democrat. The political pot in this county never did boil like it does at the present time, and the call of the Republicans yesterday to invite all true Republicans to the county convention at the court house was like throwing a bombshell into the Republican ranks. Next week the county tickets will be nominated, and on election day everybody will want to vote often, vote fast and early, and the feeling here at present is that the Republican state ticket will receive a large majority and that the Democrats of this state have nobody to blame but themselves for their defeat.

### NOTES.

Ex Mayor Aaron Farr, of Logan, is here to-day on business for Z. C. M. I., Salt Lake City, Ogden and Logan.

The crops in this valley are splendid. The nights are cool and days warm, and the health of the people, as a general thing, is good.

The state election of Wyoming will come off next Thursday, and the Star valley road between Montpelier and Afton has been lined with politicians of both parties from Evanston, after the votes of that section.

In populous wards of large cities bad sewage causes it, and in their suburbs stagnant pools in sunken lots breed it. There is at once a remedy and a means of prevention. Fortified with the incomparable, saving specific, miasmatic influences may be encountered with absolute impunity. Disorders of the stomach, liver and bowels, indigestion, by miasmatic water, or any other cause, succumb to the beneficent curative named, and rheumatic, kidney and bladder troubles are surely removed by its use when it is given a persistent trial.

### SOUTHERN SPLINTERS.

The Grass Valley Indians are becoming quite a factor in the civilization of the country they occupy. This season they have been farming to quite an extent, and many of them raised good crops. They fence their farms, drive teams, reap and mow, in fact, they employ the most modern methods of cultivating the soil.

Last spring on the ranch of Hogan & Co. a calf was born that still lives and grows rapidly, having five legs, three in front and two behind. The fifth leg is rather shorter than the others, and hence does not touch the ground when the animal stands.

### SEVIER VALLEY.

School district No. 13, which was composed principally of the settlement of Gooseberry, was dissolved by the county court on the 3d inst., and the boundary lines of district No. 10 changed so as to include what was formerly district No. 13. The change was made on recommendation of County Superintendent of Schools V. E. Bean, who reported that there was not interest enough taken in school matters there to justify the maintenance of a district.

A branch of the photography company of Anderson & Crandall, under the management of Mr. Add Anderson, is traveling through this county and doing splendid work.

District school teachers examination was held at Richfield on the 3d and 4th inst. But few applicants for teacher's certificates were present, and from present indications we will be short of teachers here the coming year.

The district schools in some of the settlements and also the S. S. academy will open Monday the 9th inst.

The weather is nice—pleasant days and nights.

RICHFIELD, Sept. 4, 1890.
